National Cyber Security Awareness Month (NCSAM)

The month of October is observed every year as National Cyber Security Awareness Month (NCSAM) to promote cyber hygiene and cybersecurity best practices across the country.

Theme: “Cyber Jagrit Bharat” – emphasising collective responsibility in safeguarding our digital ecosystem.

Objective: To build a strong defensive barrier to minimize vulnerabilities and protect systems from cyber threats.

Activities Conducted:

- A video on cybersecurity was shown in various classes.
- A quiz on cybersecurity was conducted for students.
